

CROSSTALK

Volume 8, Issue 6
November-December 2014

PRESIDENT'S MESSAGE

Well, 2014 is about gone and from my perspective it's been another great year for the Corvette Club of Arizona. Earlier this month we enjoyed a fabulous Christmas Party attended by a significant majority of our members and a combined 2014/2015 board meeting. I am excited about the New Year. We have a new design for the Awards Banquet, a couple of new board members, a couple of board members trading places, and THE FORTIETH ANNIVERSARY OF OUR CLUB. A number of members have acquired C-7s and others of us want one of our own. I hope 2015 will prove to be another year filled with enjoyable activities as members' old and new step up with new ideas. If you have not undertaken the planning of an event there is plenty of help from members who have already planned one or many.

Thank you for allowing me to be your President; it is a situation in which I am truly the beneficiary. Thank you for being friends, a valuable gift. If there is something you need help with; club, friend, or otherwise e-mail me at davelott67@gmail.com or call me at 480-689-1688.

Dave

HIGHWAY CLEANUP

HOSTED BY THE SAMPLES

The Highway Clean up went well. We had 16 workers including three of Stephen Navarro's children. Workers were Mark and Beth Godina, Roc Campise, Bill and Kathy Berryman, Guy and Norma Lombardo, Rich and Angie Kosina, Ray and Pat Jenkins Jim and Patty Kerber, Bob Davenport, and Stephen Navarro and kids. We well be doing this again in April.

RR-332-TBD	Corvette Club of Arizona	April 11, 2015	Corvettes In the Park

CHRISTMAS PARTY HOSTED BY THE HEAVLINS

Frank and I had a great time hosting the 2014 Annual Christmas Party on December 13, ! There were 66 members in attendance this year! Mother nature did not cooperate with the weather as it was a little cold outside.

We went with the traditional theme for the event and served Turkey & Stuffing, Ham and Yams and all the fixings! There was no shortage of holiday desserts and holiday cheer !!! No event would be complete without a "spirited" gift exchange steal. Gail did a great job of ensuring the rules with the Buffet Line and the gift exchange! It was a tough task but someone had to do it!!

Special thanks to all of those who came dressed for the Mr. & Mrs. Claus contest and the Naughty & Nice contest. Dave & Denise Lott won the Naughty & Nice contest, super cute and might I add played the part well!!!!

After the gift exchanged several stayed for a night cap around the fire pit and shared some great holiday cheer! It was a wonderful evening and a special thanks to Marge & Bill Rhode for all your help! A very Happy New Year to All!

THE LITTLE CORVETTE THAT COULD

ARTICLE BY ROCCO CAMPISE

As with most people, during the Christmas holidays, the tradition of decorating for the season is common place and no exception at the Campise Home. One of our traditions every year is to build North Pole Christmas villages. The villages are recreated each year and none of the layouts are ever duplicated.

A little bit of history. Two days before Christmas last year 2013, Diana and I drove our new C7 into the garage with a smile, joined the CCA, met new people and having a ball.

So this year, during our last general meeting, we took possession of a second, albeit smaller identical (almost) C7 delivered to us by Howard and Sheryl Katz. We were very surprised and appreciative of their generosity. Then reality sunk in. How were we going to pay for a second Corvette, the insurance and a permanent location for a miniature car.

So I settled down in my big easy chair and lit my pipe with moments to spare. I thought it was time for some holiday magic. So I laid a finger aside of my nose an idea sprang forth from my head to my toes. I went into my workshop and with the smallest of tools I added a stinger with no time to loose. The Christmas village was built in a matter of days, it depicts hustle and bustle for the upcoming holidays. But low and behold a special place arose. In front of the Crayola House a tiny Corvette was parked in repose. So we have now settled down with a place to garage and a sigh of relief our problem is solved.

Best wishes for the holidays.

The Campises

RADAR DETECTOR POWER OPTION ON C7

ARTICLE BY BILL BERRYMAN

I saw [these instructions](#) on the Corvette Forum, and hope it helps anyone that wants to install and provide power to a Radar detector using the Blendmount mirror bracket! There is some concern that this may create issues for the cars' computer, but I haven't heard of anyone on the forum having trouble!

I GUESS YOU CAN CALL THIS PROGRESS

ARTICLE BY GARRY MION

The year started out with high expectations to make progress on the restoration of the '60. I finally got the body into media blasting after spending a good couple of weeks cleaning the underside of the car with alcohol to get rid of all the grease and road grime. With the body now stripped of paint it became clear that there was more damage to the front section of the car than was originally expected. So the decision was made to replace the entire front clip (dash-forward). Unfortunately, by the time the new clip arrived it was well into

summer (i.e., hot and humid). So the car sat for a number of months and then finally in November I got back to the project. As you can see from the picture at right, the front clip has been removed (in one piece, btw). So the next steps are to clean (grind) the remaining bonding material and then media blast the now exposed areas. Once that is done, then the new clip will be fitted and glued (yup—the car is literally glued together). Maybe by the next newsletter I can show pictures of the new front clip in place.

NCCC GOVERNOR'S REPORT

BY MIKE TERREY

The Roadrunner Region has only 2 sanctioned events on the calendar at his time but more will be coming after the 1st of the year.

Sweetheart Car Show 2/8/15 at Chapman Chevrolet, and Corvettes in the Park 4/11/15 at Downtown Chandler

For event flyers and details go to [www. NCCC Roadrunner.com](http://www.NCCC.Roadrunner.com) and see the calendar of events.

Attention all C6 owners, Chevrolet has opened a Safety Recall for all 2005 - 2007 Corvettes and opened a Special Coverage update

for 2008 - 2013 Corvettes. The problem is with the wiring that controls the low beam headlamps and can cause the low beam headlamps to go out. The fix is a simple wiring update and we have the parts to complete the recall now, and best of all its free.

I have enjoyed representing the Corvette Club of Arizona for the past 2 years as your NCCC Governor.

Thank you for the opportunity.

LOOKING FOR MEMBER ARTICLES

BY GARRY MION

Everyone has a good story to tell about their Corvette (s). It could be about when you rode or purchased your first car and the experience that went with it. It could be about modification or enhancements you have made to your car and other members could benefit from how you did it or where it was done. It could be about where you have traveled with your car and would like share the experience. Whatever it is—it is something you are excited or passionate about and worth sharing with other members.

Writing an article is simple. You don't need to have any word processing skills, and you don't have to be the best speller or have a PHD in creative writing. If you can write an email—you can write an article. About the only technical skill you need would be to take digital photos—and that is only if you have pictures you would like to add to the article (they are a nice addition—and if you have trouble attaching them to an email I can help you out).

So how about it? Here are the latest dates by which I would need your article in order to make it into an upcoming newsletter.

Iss1—Feb 23rd Iss2—Apr 27th Iss3—Jun 26th Iss4—Aug 27th Iss5—Oct 26th Iss6—Dec 27th

I look forward to reading your article and including it in a future newsletter!
