Nov-Dec 2021

President's Message

Brad Ryan

Well, another year is now on the books with the good news that Membership Meeting attendance is up significantly as well as the number of Club Members that have volunteered to host an event in 2021. We just completed the customary year-end CCA Board Transition Meeting which is when the newly elected Board Members for 2022 are welcomed into their new positions and updated on those issues completed in 2021 and those remaining for the new Board to begin working on in January 2022.

We had a phenomenal success with the Chevys in the Park Car Show with about 152 registered. It's likely that the live hit on Channel 3 arranged by Ken Rock was a big help. It also resulted in our donation of \$2,100 to Packages from Home. Although a few issues arose due to the huge number of cars attending, the next Car Show Committee will be meeting again do some "fine tuning" as we have done in the past which is why these shows run as smoothly as they do despite the many moving parts involved with putting on a Car Show of this size. Many thanks to all of those CCA Members that signed up and worked the show as we could never do it without your help. We will be planning to have a "Thank-You" party in the spring for those working both Car Shows.

Also, in keeping with the many years since the founding of the CCA, we have updated our Club Logo to reflect the year of origin by adding a ribbon with "Since 1975" at the very bottom of the logo for CCA Members to use on their Flyers, etc. You can contact the Activities team to get a copy.

Don't forget that the annual January Meeting and Recognition Dinner is just around the corner so make sure to register for dinner. There will be a great three-piece combo of Piano, Saxophone and Bass Fiddle to bring back musical memories of the Big Band era! We are also reviving the Infamous Prize Wheel that was designed and built by Howard & Sheryl Katz for the Club's use. It's sure to be a fun event!

As I hand over the President's Gavel to Tom Palmer for 2022, I am proud to have been your President for the privilege of serving an enlightening two-year term. This, even during the difficult times caused by the pandemic. The new CCA Board will, as always, continue to welcome any and all suggestions from the Membership for new events that help to keep us more active than ever in the coming year. Good luck to the new Board.

Have a Merry Christmas and a Healthy New Year in 2022!

Brad Ryan
President, 2020 & 2021
Corvette Club of Arizona

** Non CCA event			

From the Editor Kevin Deihl

Happy Holidays Everyone! It's the busiest and hopefully the most joyous time of year when gatherings of friends and family lead to heartfelt memories. For those of you travelling during this time of year, may your travels be short and safe. This edition of your newsletter is full of activities, parties and celebrations. From my standpoint, CCA has returned to an active social car club with activities already booked for next year. The pandemic reduced activities because of restrictions on gatherings for everyone, not just us. Your Board of Directors persevered to make accommodations for meetings. Your activity team, along with CCA members, held a variety of activities to entertain those who wished to participate. Yes, 2021 saw a lot of changes to venues, memberships and leaders. The heart of CCA is strong and united and heading forward. Thank you for all the members who VOLUNTEER their time for the betterment of our club. As I conclude my first year of serving as your editor, I want to thank all who have helped me to be successful. A special thanks go out to Jennifer Schmitt for helping me build confidence in my ability to do this!

CCA Governor's Report

Ray Jenkins

News from the Roadrunner Region Regional Executive is:

- NCCC is adding to their web site what is included in NCCC membership.
- NCCC education Scholarship Grants will be raised to \$1500.00 per student. Grant applications will open after January 2, 2022.

News from the Roadrunner Regional Competition Director is:

- All NCCC Sanction Event flyers need to be double checked for accuracy and mistakes, especially for dates, time and place.

The Roadrunner Region "Kick Off" Event that was to be hosted by the Colorado River Corvette Club has been cancelled. A conflict with another big event, The Gambler's Classic, hosted by the Bakersfield Corvette Club. These 2 events happening at the same time was the reason given to cancel.

The CCA NCCC Sanctioned All-Chevy-Show was a success. All Sanctioned data was entered into the NCCC data base successfully.

The last Sanctioned Roadrunner Region Event hosted by Thunder Vette Set in Sierra Vista was also a success. An All-Chevy-Show and Autocross events were included.

The Roadrunner Region Sanctioned Events Calendar is looking like this for 2022:

- ◆ CCA - April 3 Corvettes in the Park
- ◆ Verde Valley Vettes - May 20-22 Clarkdale Car Show
- ◆ Phantom Vettes- July Great Escape in Ruidoso, NM
- ◆ Verde Valley Vettes - All Corvette Car Show Oct. 14-16 or Oct. 21-23
- ◆ CCA - All Chevy Show October 30
- ◆ Thunder Vette Set - Corvette Thunder Nov. 19-20

I'm looking forward to a good year with many more CCA members going to these scheduled Roadrunner Region Club Events.

Ray Jenkins
CCA Governor

CCA Thank You Party

Susan Lovino

A Thank You happy hour for members that hosted an event in 2021 was held on December 12th at the Campise home. It was hosted by the Campise's and the Lovino's. We had a nice turnout of 18 guests. We are hoping to make this an annual event so that we may recognize and say "Thanks" to the members that help make this club a success every year.

Outstanding Member of the Year by Dom

Finally... The 2020 Outstanding Member of the Year Announced

The long awaited 2020 Outstanding Member of the Year was finally announced at the October 7th meeting. The delay was due to the restrictions placed on him as he lives in Canada as his main residence. He was required to return to his country in March of 2020. He was not allowed back in to the U.S. until early October after 18 months of travel restrictions. If you missed the October and November meetings, you probably would not know that **Bob Bassett** was named the 2020 Outstanding Member of the Year.

Congratulations Bob!

Thank you Crosstalk Contributors

We thought it might be time to thank some of our members who have acted as official or non-official Club photographers and videographers. Over the years there have been many who helped to record the club's many different events and activities. During the past decade I can think of Photographers: Bob Swanson, Garry Mion, Mark Godina, Barb Bassett, Mary O'Connor, and most recently, Dennis Hughes, all of whom have contributed to Crosstalk in support of various articles. We also have videographers: Patty Friesz, Eva Platen and Sheryl Katz, who have taken a lot of those photos and brought them to life in an easy format for us to enjoy. There are no doubt others who came before my time and did similar duties, and I apologize if I missed someone on this list. -- Bob

For the past year, some of our members that have been a big help with pictures and slideshows for me have been Ron and Cheryl Gliot, Dick Hedahl, Mary O'Connor, Dennis Hughes, Denise Lott and Sheryl Katz. -- Kevin

Please accept our very special "Thank You!" to all of you for going above and beyond for your CCA friends. Your efforts are very much appreciated.

Membership report

Guy Lombardo

This is my final Crosstalk article as Membership Chair. My favorite part of being Membership Chair over the last three years has been getting to know the dozens of people who I have helped join the CCA. My first communication to anyone interested in joining included the need for new members to actively participate in CCA Activities and eventually leadership positions. About 10% of the people expressing interest in the CCA indicated they had no interest in ever helping the club in any way and declined to continue the process of becoming members. We all can be thankful that the majority opted to become “givers” instead of “takers” and answered the call when the club needed help.

Over the last three years Membership has declined from 132 to 113. Concerns over hitting the maximum capacity of 150 should be over for the time being. The Pandemic of 2020 and 2021 undoubtedly impacted membership. The lack of meetings and CCA Activities caused some members to sell their Corvettes and a general loss of enthusiasm. The CCA has not promoted the recruitment of new members for several years. We just help people who express interest in joining. The CCA could always revisit the policy of not promoting the club if they wanted to increase membership in the future.

I am currently in the process of training the 2022 Membership Chair, Mark Godina. I am confident that Mark will do great in this position.

It has been my pleasure to give something back to the Club, which has given so much to Norma and me since we joined in 2014.

Membership Update

Guy Lombardo

Please join me in welcoming our newest CCA Members, Hal and Lesley Wurst, who were approved by the Board on December 2, 2021. Hal and Lesley own a 1987 Dark Red Metallic Coupe. Hal is a retired Salesman and Lesley is retired from Accounting. Hal is originally from New Jersey and Lesley is originally from Sydney, Australia. Hal’s hobbies include golf, sports collectibles, horseback riding and deep sea fishing. Lesley’s hobbies are golf, walking, needlepoint, and gardening. They reside in Chandler now and their profile information can be viewed in the Members section on the CCA website. Please welcome Hal and Lesley! This brings our membership up to 132.

Military Ball

Dave and Denise Lott

Military Ball Hosted by Dave & Denise Lott

It was the U.S. Marine Corp's 246th birthday on November 10. Once again, many of our Corvette couples joined Marine Dave Lott and Denise at the formal ball on November 6 honoring this anniversary. CCA had 3 tables for our group, consisting of 30 members and guests. Our CCA ladies sparkled as they were escorted to their tables by the Vista Grande High School JMROTC from Casa Grande in their full-dress uniforms. The Corvette men matched their style, looking sharp in suits or tuxedos.

The cadets conducted the formal flag ceremony and solemnly wheeled in the birthday cake following the procession of our detachment representative and guest speaker. The cake was symbolically cut with a sword, and the first piece presented to our guest of honor. The second piece was presented to the oldest Marine in attendance, who then passed it on to the youngest Marine in attendance. These ceremonies are duplicated around the world as the Marines' birthday is recognized.

Veterans of all services during each war period were asked to stand and be recognized. Then the U.S. Army Band kicked into full gear, playing those oldies that we all love and want to dance to, for the rest of the evening. We thank everyone who came to the Ball in support of our military members. You were all stunning in your evening attire, and it was heartwarming to have you there to share in this patriotic evening. Sheryl Katz has created a video slideshow of this event. If you would like to see the show, please email Sheryl @ sherylkatz@anatek.net. She will then give you a link and a password to view the show.

Chicks Lunch

Susan Lovino

The November CCA Chick's lunch was held on Friday, November 12 at Stone & Barrel restaurant in Sun Lakes. We had a record for 2021 of 20 ladies. Since this was our last luncheon for 2021, we reached out to Marge Rhode and House of Refuge to find out if they needed anything for the holidays. House of Refuge was doing a fundraiser called Presents for Parents. The Chicks were given a list of items which they purchased and brought to our luncheon. Marge will deliver the gifts to House of Refuge where the children will pick a gift and wrap it to give to their parents. As usual, the Chick's came through. Here is a picture of Marge with all the gifts. I want to extend a big thank you to all our Chicks for helping make Christmas great for the families at House of Refuge! See you all in January when we will start our luncheons up again. Merry Christmas and Happy New Year to everyone! Susan & Elly

Outgoing/New CCA Board Members and Volunteers

CCA wishes to acknowledge our outgoing 2021 B.O.D and volunteers and thank them for the dedication, time, and service to our club. These members have volunteered during some of the toughest times of our club's history. Yet, we remain strong and committed to making CCA the premier club for which it is known. A big welcome to our 2022 Board Members and Volunteers!

Oakwood Cruise-in and Car show

Susan Lovino

November 13th Car Show at Oakwood Country Club

On Saturday, November 13th, a Cruise-in Car Show was held at Oakwood Country Club in Sun Lakes. This car show was a long time in the making. Back in 2020 when CCA couldn't have their own car shows, I had suggested to Karen at Oakwood, that CCA could bring their cars just for CCA members to get out with their cars. It finally materialized on Saturday! Karen did the advertising, and I handled the registration. We had 60 cars from Sun Lakes and the Phoenix area pre-registered for the show. Out of that 60 cars, twenty-three cars were from CCA. We were all parked near each other so we could be together. We also had 20 cars that showed up that morning. The DJ that Karen hired couldn't make it, so Howard Katz stepped up and brought great tunes that played all morning. Mary O'Connor, Sheryl Katz and I checked in the cars and Dom Lovino, Mark Godina and Bob O'Connor parked them. We had everything from a 1928 Model A to a 2017 Tesla and quite a few Corvettes. Oakwood provided coffee and donuts for all attendees. We had a total of 80 cars registered, with six not showing up for a grand total of 74 cars in attendance. After the show wrapped up around noon, most of the CCA attendees had lunch together at Stone & Barrel. I want to thank everyone from CCA that came out to support this fun, relaxing show. It was so successful that Oakwood would like to do it again in 2022.

More Oakwood

Segway Driver and Tour

Dick Hedahl

It was a beautiful Saturday morning on November 20th. Ten of our CCA members met in Mesa before beginning our caravan to the McDowell Mountains and begin our short drive to Adventures Out West just east of Fountain Hills.

Upon arrival, our riders needed

some "Ground School" from the tour guides to begin. Most of our riders were newbies, so there was a little trepidation anticipating this new experience. You may have seen Segways being operated in town, in communities or operated by security personnel. However, these units are outfitted with bigger tires for offroad use.

As soon as our guide felt comfortable with us operating them, it was time to start exploring! It was a wonderful desert-scape scenery on well groomed trails in view of Four Peaks Mountain.... and with no cliffs! The views along the way were exceptional. There were multiple pauses along the way for group photos and Tim, our guide, was great about providing information about our surroundings

More Segway

Fun facts

- ⇒ The saguaro grows an arm after 50-75 years.
- ⇒ The first 10 feet of a saguaro weigh a full ton.
- ⇒ Only the Gila woodpecker creates holes, or homes, in the cactus. They will live there for one year, then build a new home. Other birds and creatures will then take over the “old” home.
- ⇒ The cholla, or jumping cactus, really does not jump. Vibrations from footsteps loosen it and that is how it attaches to your clothing.
- ⇒ The cholla was used by Natives for both survival and defense. Burning off the needles to get at the center of a small piece, you would get more vitamin C than any of our regular citrus fruits. Slings these pieces toward your enemy, the cactus would stick to the person, who would naturally reach out to pull it off. Now his trigger hand was stuck on the cactus.

As we maneuvered along the paths, we were cautioned to avoid larger rocks, and we all did well. There was only one wipe-out when a rock rudely did not move out of the way, but no harm done.

Our adventure ended much too soon, but then our lunch beckoned. We moved on to the All American Grill overlooking the scenic Fountain Hills Park. Those facing the front window had a nice view of the fountain, with a 15-minute show every hour. The conversation was

Corvette Thunder Car Show and Autocross

Ray Jenkins

CORVETTE THUNDER NCCC Sanctioned Event

by the Thunder Vette Set

In Sierra Vista, Az

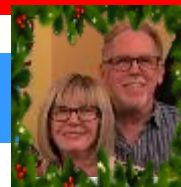

Corvette Clubs in our NCCC Roadrunner Region put on NCCC Sanctioned Corvette Shows, All Chevy Shows, Rallies and Autocross events scheduled for the year. These are interesting events that all Corvette enthusiasts should enjoy going to. Pat and I went to the last Region event put on by the Thunder Vette Set in Sierra Vista named "CORVETTE THUNDER" on November 20th & 21st. The All Chevy show was on Saturday and had about 40 cars there. It was interesting for us to walk around and talk to the owners about their cars. We took pictures of many of the special show cars there. We also brought our folding chairs to sit at our car and talk to people as they walked by. Trophies were given out for the best cars in their class. That evening we were invited by the TVS Club to go for dinner in Herford, south of Sierra Vista at the Bright Spot Rustic Bar & Grill. There was about 25 people that showed up for the dinner. Great food and visiting with Corvette owners. On Sunday we were up early to drive to the Autocross event south of Tucson at the Honda Mussleman race track. The Sierra Vista Sports Car Club was helping with this event, so we had a variety of cars besides about 10 Corvettes. All went well with only one participant sliding off the track. It was a great day for an Autocross.

Halloween Party

Frank and Nancy Hagan

This was the 2020 party that Covid canceled. I pulled out all the stops on this one. Thirty (30) CCA'ers showed up for our Ghoulish Event. Our guests had to enter thru an eerie tombstone graveyard guarded by a howling werewolf on watch for the lifelike talking vampire hanging by the front door. The skeletons were plentiful throughout the house, from the front to the back. Along with a couple in the guest bedroom that showed up quite awhile ago and never left.

There was a murder scene in the guest bathroom that tricker treaters were taking pictures of. The murder scene was guarded by the Grim Reaper and the ghost of Halloween past. "Grim" (the six foot talking skeleton) who was the boss that ran the skeleton crew in the back yard along with the pirate skeleton who also kept guard on the pool crew. There were many more characters that spoke such as Medusa with the moving snakes on her head. The bat gargoyle that flapped his wings and welcomed you in. The caged skeleton in the cabinet that was screaming "Let Me Out". These were some of my Halloween delights to scare and amuse all who dared to attend. Of course, the CCA'ers that showed up in costume were awesome. Cleopatra showed up with a linebacker. There were two convicts still in their stripes. The Joker was there with Superwoman. A dancehall girl came with a Pharaoh, and Dorothy and Toto showed up with the Scarecrow.

Halloween Party

Frank and Nancy Hagan

Dracula came with his creepy witch. And there was a groovy hippy couple. A Monk and a Pharmacist came along with another monk and his painter. We had a flapper and her biker dude and the devil with his pumpkin chick. I can't forget the construction boss with his creepy witch lady. Rosie the Riveter was there along with a witch that only came for the "boos" who brought her old fart partner too. Poncho Via was there with his 50's chick. Frank was a grim reaper and I dressed as a royal dead skeleton chick. Food was the usual finger fare. Of course, there were various libations to keep the spirits up. "Thank You" to all the couples that came in costume which made the event that much more fun!

Stay tuned for next year's Halloween party to see what I can come upwith. EEK! The Hagan's

Holiday Party

Lovinos/Campises

The annual CCA Christmas Party was held on December 8th at the Ocotillo Golf Club in Chandler with your hosts the Campise's and the Lovino's. Musical entertainment was provided by Cheryl Thurston. Tina Malco was our greeter.

We really enjoyed putting on the Christmas party for you, our CCA family. It is the time of year to come together and enjoy each other's company, be happy and for a short time forget about the negative issues when we enter the new year. What a great way to start the season.

More Holiday Cheer

The food and drinks were great, how about those hors d'oeuvres as the wait staff circled the hall?

Lets not forget the gift exchange MC'd by our own Dom Lovino, your next Activity Director for 2022.

As the numbers were called the mystery unfolded. What's in the package, is someone else eyeing it for a steal? And steals there were.

A few participants had their gift stolen several times. But, alas, fun was had by all.

More Holiday Cheer

Good food, good friends,
good times.

That's what the Christmas
party was all about.

Thank all of you who
participated for being a part of
it.

The party is over, but the memories of laughter
and good cheer remain.

Oh look. Our two in house elves! Where's the Milk &
Cookies? Sorry, only the 2021 ornaments designed by
Susan Lovino and daughter. THANK YOU!

C8 News and Views

Bob Bassett

Corvette Blogger has reported, and also confirmed by GM, that a fire took place at the Bowling Green Plant. The fire was caused by a devastating tornado which touched down in Bowling Green on Saturday, Nov. 11. The plant will be closed for at least the coming week. No word on whether the delay will be longer or whether finished cars stored outside were damaged. Full stories at [Corvette Blogger](#) or at [the Drive](#).

For those of you with a new Corvette on order, here is some exciting news from Chevrolet! Chevrolet is kicking off a new Customer Notification Program beginning December 6th that is designed to keep customers updated on the status of their orders while hopefully alleviating the “Where is my car” phone calls to the dealer. The notification system is based on changes to the Event Status and customers can be updated via email or text message. When placing your order with your Chevrolet dealer, the sales rep needs to obtain your email address to begin the automated notifications and customers will begin receiving the automated emails once the Event Status code reaches 3000 (Order Accepted). For customers with existing orders already in place, your email can be added to the order notifications through an online form that can be provided to you by your dealer, as long as your order hasn’t yet reached 3000 Status. No emails can be added after the order reaches 3000 status. Customers will receive notifications following a change in these events. The emails at each Event Status Update shows you Corvette’s body style, exterior color, wheels, and interior color, and each update includes these motivational statements”

3000 – Order Accepted – “Your Corvette is at the Starting Line.”

3400 – Order Broadcast/Produced – “Building your dream to order.”

4200A – Sent to Shipper – “Your Mid-Engine masterpiece is making great strides.”

4800 – Arrived at Shipper – “Pure performance is on the horizon.”

4200B/C – Left Shipper for Dealership – “Exhilaration is on the approach.”

Chevrolet doesn’t notify the customer that the car has been received at the dealership as they want the Chevy dealer to deliver that great news personally, and also because most dealers may need a couple of days for PDI before its ready to be delivered to the customer. Also, Chevrolet will email customers at 3000 status who have been there for more than 28 days to let them know “We’re still with you” despite no new updates. Customers can also opt out of notifications at any time as well. Chevrolet hopes this new customer notification system helps Corvette buyers track their orders better without having to call their dealers or the Corvette Concierge, and it will be especially helpful for those customers who never hear anything from the dealer once their order has been placed.
