## *President's Message* Jim Enriquez

The long hot summer is upon us, but it's no reason for Corvette enthusiasm to diminish. Thanks to our club members, we have a host of cool events including drivers, pool parties and I am sure a couple more fun events that will find their way onto our Calendar of Events.

To heat things up a little bit, I suggest you go to the URLs listed below to see three Corvette videos on Youtube. You can point your cursor at each URL and hit "CTRL + Left Click" to see each video or you can copy & paste the URL addresses onto your browser.

Following the URL listings you'll find an article by Dan Woomer on "*Corvette Wave Rules*". After watching the videos, you'll want to make sure you share the Corvette pride with other Vette drivers by exchanging the Wave.

Enjoy your summer and Corvette Club of Arizona activities.

Jim

## Corvette Wave Rules

By

Dan Woomer (October 23, 2003), President of [Lost Caravan Corvette Club](#)

The **Corvette Wave** is an integral part of the mystique and culture of the Corvette owner experience. Corvette owners who wave at fellow Corvette owners when they pass on the road, show a mark of recognition that you are among the elite group of intelligent people who are driving America's True Sports Car. And as a member of this elite group, you should be recognized for your poise and intelligence.

So for those who don't know the five simple Corvette Wave rules, here they are:

### **There is no excuse for not waving at your fellow Corvette owner.**

Although most Corvette owners have the class and understanding to accept when their wave is not returned, not waving is a serious breach of proper Corvette etiquette.

### **2. Whoever sees the other Corvette first, starts the wave.**

There isn't any rule about who waves first. This is simple; if you see another Corvette, wave!

### **3. Rules 1 and 2 apply to both sexes.**

As far as who starts the wave, it doesn't make a difference if you are a man or woman. Rules 1 and 2 apply.

### **4. Any type of wave is okay.**

Whether you shoot a big wave up through your open Vette top, out the window, or a quick salute with your hand on the steering wheel, any wave that can be seen by the other Corvette driver is okay. However, this does not include any style of jester that can be interpreted as obscene or insulting. Remember, Corvette owners are a class act; while someone might have been rude or stupid to you, try not to return the favor. (This is a tough rule not to break with all the stupid drivers who manage to get a driver's license.)

### **5. A late wave is better than no wave.**

If you suddenly realize that a Corvette driver is passing and waving at you, get a wave off as soon as possible. The other Corvette driver may see your wave in their rear view mirror and realize that you were just a little late in getting your wave going. Although missing the timing of your wave is a "goof," getting off a wave that the other Corvette driver has a chance to see can acceptably cover this slip-up.

So you can see the underlying concept here is simple:

***Wave at your fellow Corvette owners,  
whoever they are, whenever you see them.***

This will show you are a person who understands the full measure and etiquette that comes with your proud ownership of a Corvette.

### *CCA Annual Progressive Dinner*

*Hosts*

**Duhaimes, Frieszes & Terreys**

What do a snake, a kitchen faucet and flashlights have to do with a Progressive Dinner? Well, all three tried to sabotage the plans of the three hosts for this year's CCA Progressive Dinner. First, the Friesz's kitchen faucet decided to explode a few hours before dinner time. Patty was running to Home Depot for a new faucet while David was lying under the sink, dismantling the garbage disposal and faucet. Luckily, David has plumbing skills and the new faucet was in place by the time the guests arrived for the entrees. In the meanwhile, the Duhaimes were eagerly awaiting the first arrival of the guests when they had an unexpected and uninvited guest appear on their patio, a rattlesnake! He did not want to leave and it took much cautious coaching from Sandy & Phil to encourage him to leave just as the first guests were arriving.

After surviving two near dinner catastrophes, everyone was getting ready to leave for the dessert part of the evening at the Terrey's, when Kathy calls to inform us that the power has gone off in their neighborhood and she is unable to start her Chocolate Fountain plus the house is in total darkness. She began to light candles and we all delayed our departure to the Terreys for the dessert portion of our dinner, awaiting word that the power had been restored. A half an hour later, the power returned and we all eagerly dashed to the Terreys to get our sugar high!

Despite all the upsets, a good time was had by all. 15 couples participated in the fun event. Fantastic appetizers were gobbled up at the Duhaimes, tons of lasagna, Alfredo meatballs, salad and garlic bread were consumed at the Frieszes and lemon tarts, mini cheesecakes, cream puffs and fruit dipped in the chocolate fountain were scarved up at the Terreys. The Casino Night was a big hit too. Black Jack and Left, Right, Center were the games of choice. There was a lot of competition and wild yelling when the winners collected their pots. The big winners of the night were Janet Ray and Gail Baldacchino at Left, Right, Center and Jim Enriquez, Rhonda Deacon and Marge Rhode took home the big money from Black Jack.

## *AZ History Driver*

**Planners - Pat & Ray Jenkins**

When I volunteered to lead the May Driver, I decided that a short trip up the Beeline Highway to the junction of Highway 188 and then south towards Roosevelt Lake should be interesting. I always like a good breakfast to start out the day, so I decided to have the Club meet at Denny's in Fountain Hills. Since I am usually not early, I was surprised when I got to Denny's about 7 AM, and no one was there.

However in about 10 minutes, members started showing up. We had a good breakfast to start the day. Our small but enthusiastic group included Bob Caccamo, Jim & Patti Kerber, Rob Deacon, Jim & Esther Enriquez, Dave and Patty Friesz and today's leaders Ray and Pat Jenkins.

We started our trip and went up the Beeline Highway to our turning point to go towards Roosevelt Lake. Our first stop was at Jakes Corner. This is a store that has been on the Arizona map for many years. It is mostly for fisherman, but it also is a place for our group to stretch and get a snack.

Thankfully traffic was light and made our trip more enjoyable. As we came over a rise in the road we had a great view of Roosevelt Lake, which is almost full this year. We drove along the lake shore road until we came to the bridge that replaces the old road across the dam. We turned into an overlook with a great view of the bridge and the lake. Many pictures were taken here of our group of Corvettes with the bridge and lake in the background.

## *AZ History Driver*

(continued)

From there we took the narrow road down to see the down stream side of the dam. There were some interesting kiosks to read about the history of the dam at both overlooks.

Then back to the main road for a short drive to the Roosevelt Lake visitor center. There were many displays and even a video to watch about the history of the Lake and Dam. There is a lot of information to be had there about the lake and the surrounding area.

Next we gathered up and went on to the Tonto National Monument. There are actual cliff dwellings that one can hike up to. However it was not recommended at this time, because the Bees had taken up residence there. The Ranger said it was a seasonal migration and they would be gone soon. There are also many displays and information about this site at this visitor center.

By now we were starting to think about lunch, so we headed out for Globe. The road is new with a long hill climb out of the valley that is tempting to test our Corvettes power. In fact Bob came from the back of the group up to the lead car getting a thrill of Corvette power. Then he saw a car coming down the hill flashing their lights, so he slowed down as we all did to the speed limit. Sure enough at the top of the hill a police car had a SUV pulled over.

We cruised the rest of the way to Globe and stopped at Chalo's for lunch. They had tables set up and waiting for us as they told me they would. The food was good. We all visited about the day and other topics for a while and then the group broke up to go back home at their own pace.

We thank all the Club Members who showed up. I hope you had an interesting day.

Ray & Pat Jenkins

## *Welcome New CCA Member*

### Keith Deutscher

After attending several Club activities as well as attending our business meetings, Keith is one of our newest members. He is a proud owner of a 2008 atomic orange coupe and has applied for a personal plate. He says he really loves driving his Vette and is looking forward to participating in many more of our events. Besides driving his Vette, his other hobbies include snow skiing, mountain biking and traveling. He moved here from Reno, NV three years ago and is an architect in the field of healthcare facilities. He was introduced to the Club by Mike Terrey.

## *And New CCA Members*

### George & Rita Haggerty

George and Rita were introduced to the Club by Gail Baldacchino. Rita works with Gail at General Dynamics. After attending the required meetings, they applied for membership and were accepted into the Club in May. They own a classic 1994 white coupe. Interests other than Vette-ing is golf. They are long time residents of AZ ( 26 yrs.) who came from Michigan. We look forward to their participation in our Club activities.

Tech inspection form for NCCC is available on the NCCC website.  
Bruce will follow up on passenger rules at the Governors meeting.  
NCCC Officer positions are available. Applications are online.

### **Old Business:**

**Thorobred Thunder:** due to the bad report about United Food Bank in the newspaper a new charity will be chosen. Suggestions for a new charity will be presented at the next meeting: Big Brothers Big Sisters, Packages from Home, Chandler Christian Community and Chandler HS Band.

Patty Friesz said Bondurant Racing School would like to be part of the show and need to be contacted 2 months prior to the event. They will provide a car for the show and a \$500 coupon. Jim Enriquez will contact Bondurant.

Show flyer needs to be completed by the end of July. We still need photos of the winners, select charity and refine the classes.

**Website:** Jim Kerber said the website is still being worked on. The person who developed the current site does not want to release our domain name. It may be difficult getting the name released.

**New Business:**

**Club donation:** there is confusion over the club donation at events. Going forward flyers will state the club donation will state \$2.50 per person instead of \$5 per couple.

Discussion regarding whether or not to collect the club donation at club subsidized activities; it was voted on and the club will continue to collect the donation at all events. Marge Rhode motioned to have the club donation be \$2.50 per person at all club events, Jim Kerber seconded and all approved.

**Next board meeting:** Jim Enriquez and Bill Rhode are both busy. The meeting will change to Tuesday, June 16<sup>th</sup>, and be held at the Deacon's.

**Thorobred display ideas:** indoor display will be placed outside the meeting room. George Ray will see if Allison Stover will help create the club display.
